From: Susan R Heckbert
To: Wessel, Jennifer
CC: Nicholas L. Smith

Hi Jennifer,

I'm PI of one HVH contribution (to the AFGen project) and Nick Smith is PI of another HVH contribution (to the VTE project). I approve, and am cc'ing to Nick for his input.

Thanks,
Susan

Hi,
Looks great, thank you for the opportunity to participate.
Bruce indicated that he has a plan for the CHS P&P review. No P&P review is needed for HVH.
Susan

ATTACHMENTS RENAMED

This message came to the UW with an attached file with a name that ended in .zip or .exe. Because files of this type can automatically infect computers with a virus, the attachment has been renamed.

- o If the sender of the message is known to you, and you were expecting the message, you need simply save the attachment using the original name or save it as is and rename it back to the original name on your computer.
- o If the sender is not known to you, it is possible that the attachment contains a virus and you may simply delete the message.
- o If this message claims to be official and instructs you to open the attachment to get important information, it is likely to be fake. Virus writers are increasingly using sophisticated social engineering techniques to mislead people.

UW-IT never sends important information about your account or password in an email attachment. Instead you will be directed to a web page on a UW-IT site.

If you have further questions, please contact your local computing support or

Hello co-authors! We are sending you the penultimate manuscript "*Rare Non-coding Variation Identified by Large Scale Whole Genome Sequencing Reveals Unexplained Heritability of Type 2 Diabetes: Trans-Omics for Precision Medicine (TOPMed) Program*" from the TOPMed T2D Working Group.

To meet fiscal grant deadlines we are requesting your **quick** responses:

1. **Co-authors:** respond to me that you approve manuscript in **next 24-48 hours**
 - a. Please check your affiliations and acknowledgments
2. **Study/PI of study:** submit to P&P committees or respond to me that as Study PI you approve manuscript immediately so we can document where it is in the approval pipeline (we have to document this for submission to TOPMed P&P before we receive approval to submit to journal)
3. **Comments on manuscript:** send comments in **next 7-10 days**
