JG

Daniel,

I think you already had this, but just in case.

Jim

Subject: [EXTERNAL] AS SOON AS POSSIBLE - Approval of the TOPMed Flagship Paper

Dear Colleagues,

I am contacting you regarding cohort approval for submission of the TOPMed flagship paper to *Nature*.
I am contacting you regarding the following cohorts:

CHS (VTE)
GeneSTAR
HVH (VTE)
JHS
Mayo_VTE
GALAII, SAGE (PGX_Asthma)
WHI

Please reply to me, Cathy, and Daniel Taliun and let us know whether the TOPMed flagship paper has been approved by your cohort for journal submission (or does not need approval). If not yet approved, please provide an estimate as to when approval is expected.

I apologize if you have already addressed this. We did not have complete clarity and are eager to respect the requirements of the contributing studies and their PIs

the requirements of the contributing studies and their FRS.

As you know there is some urgency to this submission, for an upcoming special issue.

Thanks very much,

Jim
