Dear Dr. Albert,

I just want to follow up with you on our request for study-specific approval for using WGHS data in our manuscript. We are planning to submit to the TOPMed DCC this weekend, and we hope to have your approval to fulfill their Data Set Check requirements so we can continue with the review process.

Thank you for your help!

-Alan

Alan,

This is fine with me. I'm copying the other PI for these data Christine Albert (now at Cedars-Sinai in LA). Please wait for her approval before proceeding.

Thanks,

Dan

External Email - Use Caution

Dear Dr. Chasman,

I want to follow up with you on our request for study-specific approval for using WGHS samples in our TOPMed manuscript M6573: Method paper for Robust HWE (latest draft attached). If you require any changes or additions, please let me know so I can incorporate them into the manuscript.

If you approve of our use of your samples, please email me your reply and I will collect and collate them to submit to TOPMed DCC as required. If it is at all possible, we would appreciate a reply within the next two days so we can submit the manuscript to TOPMed DCC as soon as possible.

Thank you very much for your help,

-Alan

Dear Dr. Chasman,

I want to follow up with you on obtaining your approval for using WGHS samples in our manuscript. TOPMed DCC requires us to secure study-specific approval as part of the manuscript submission process. Please let me know if we need to make any changes or additions to our manuscript (attached) to secure your approval for using WGHS

samples. If you approve of our use of your samples, please reply to this email. I will be collecting and collating study-specific approvals to submit to TOPMed DCC as required.

Thank you for your help,
