Thanks for submitting this, Laura. ARIC approval is automatic for TOPMed papers, but they will send you an approval letter as a formality.
Linda, hope you make a quick recovery!

Hi! I would like to submit the attached manuscript (under proposal #16345 [Large scale whole genome sequence analysis of Inflammatory Biomarkers in the NHLBI TOPMed Program](#), original version #1854, now revised with updated datasets) for ARIC review. Linda and Nathan are the ARIC coauthors here. Please let us know what questions we can address and what other information you need from us.
